These items were repaired, replaced or corrected:  Continued Next Page                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |       |              |

THE RESERVE OF THE PARTY OF THE

Annual Inspection: Cont.: TT: 1372.2 Page 2 Cessna T210M, N732WP: DAT JMBER OF 1) Reinstalled this engine in the above aircraft after a Black Series ENTRIES.) Overhaul by Victor Aviation. The engine was supplied with Slick pressurized mags P/N 6320 LH S/N 93120048 & RH S/N 93120052, harness, spark plugs, complete fuel injection, turbo P/N C295001-0101 S/N RD0111L and a new VAR crankshaft. The engine was installed after a through cleaning and inspection of the engine compartment, cowl, baffles and other reused components was performed. Installed these components with the engine: factory overhauled turbo controller P/N 470688-9007 S/N WK-L0118, waste-gate P/N 470908-9011 S/N XB000193 and relief valve P/N 470944-9012 S/N XB000037. Overhauled propeller govenor P/N C290D4-B/T2 S/N 770695 (Total time of 1372.2 hours), overhauled propeller P/N D3A34C402 S/N 776652 (Total time of 1372.2 hours), ElectroSystems exchange alternator P/N DOFF10300B S/N 4021713, and factory new vacuum pump P/N 212CW S/N 06AJ001615. Replaced all fuel and oil hose assemblies with new units from Omaha Airplane Supply. Installed all new vacuum, low pressure and aeroduct hoses. Replaced the engine mounts with new J-12453-1, J-12453-6 and one 1250800K200 assemblies. Replaced the induction air filter, alternator belt, misc. hardware to complete the installation. Serviced the engine with 20W50 Phillips Type M oil. Continued Next Page----
